

Military Institute of Armoured and Automotive Technology

invites you to

XII International Scientific Conference

EKSPLOBALIS_2023

„Innovations of military technology
on the modern battlefield”

po under the planned patronage of:

**Minister of National Defence
National Security Bureau
Polish Armaments Group S.A.**

on May 15-17, 2023.

Information about the Conference:

<http://www.ekslobalis.witpis.eu>

Internet Reports:

https://ekslobalis.witpis.eu/?page_id=111

Discussion panels

The conference program, apart from speeches during plenary sessions, includes thematic workshops conducive to the exchange of views in the field of armored and automotive technology, as well as three discussion panels on:

- **Adaptation of the technical infrastructure to the requirements of the battlefield,**
- **Control and diagnostic systems in the operation of military technology,**
- **The impact of the armed conflict in Ukraine on the allies**
- **and national military capabilities in the technical dimension.**

The discussion on these topics will be an excellent opportunity to broaden knowledge and exchange experiences in the field of designing and developing modern armaments aimed at increasing security on the battlefield. In addition, experts will discuss innovative technological solutions in the field of equipment and control and diagnostic systems in the operation of military technology.
